

Spring 2020 First Term Transfer Survey Results

May 1, 2020

Prepared by: **DASA** Assessment

Survey Overview

The First Year First Term and First Term Transfer surveys were administered to all new first-semester students at NC State between February 13 and March 16, 2020. This is the second year that the survey has been administered to first-semester spring-entry transfer students. The First Term Transfer survey was distributed to 253 new transfer students, and 101 unique respondents recorded survey observations, resulting in a 40.0% response rate. The survey was scheduled to be live for 4-weeks, with the exception of Spring Break (scheduled for March 8-15). On March 11, 2020 NC State announced it would extend Spring Break in response to the outbreak of coronavirus disease 2019 (COVID-19). DASA Assessment closed the survey early as to not interfere with communications regarding the University's response to the coronavirus.

32.7% of First Term Transfer Survey respondents were male and 67.3% were female, compared to 45.5% and 54.5% in the total survey population, respectively. The largest difference in race/ethnicity percentages between survey respondents and the survey population was 5.4%, with the largest difference being for White students. The largest percentage difference between population and survey respondents regarding college was 4.5% (College of Agricultural and Life Sciences). See the tables below for specifics.
