First-Years**

May 25, 2021

Prepared by: **DASA** Assessment

Survey Overview

The First Year First Term Survey was administered to all new first-year students at NC State March 1 through March 26, 2021. This is the third year that the survey has been administered to new first-semester spring-entry students. The survey was distributed to 354 new spring-entry students and 105 unique respondents recorded survey observations, resulting in a 29.7% response rate.

39.0% of survey respondents were male and 61.0% were female, compared to 48.0% and 52.0% in the total survey population, respectively. Differences between survey respondents and the survey population in race/ethnicity percentages were <6%, and the largest difference with respect to college was 7.3%, with the College of Sciences slightly overrepresented. See the tables below for specifics.

Note: In the tables provided below, percentages are rounded to 1 decimal place. Questions about this analysis or the survey instrument may be directed to DASA Assessment (dasa-assessment@ncsu.edu).
