Transfers**

**October 27, 2023**

Prepared by: **DASA** Assessment

## Survey Overview

The First Term Survey was administered to all new first-year students at NC State University February 20 through March 24, 2023. This is the fourth year that the survey has been administered to new first-semester spring-entry students. The survey was distributed to 369 new spring-entry transfer students and 112 unique respondents recorded survey observations, resulting in a 30.3% response rate. This report contains a summary analysis of *transfer* students' responses.

Approximately 38.3% of survey respondents were male and 61.6% were female, compared to 52.5% and 47.4% in the total survey population, respectively. Differences in percentages between survey respondents and the survey population regarding race/ethnicity and college were <2.3% and <3.2%, respectively. See the tables below for specifics. Note that one question on the survey instrument was not presented to participants due to an error in survey logic. The survey is distributed via Qualtrics.

The First Term Survey is administered by the DASA Assessment office. Questions about the instruments or results may be directed to [dasa-assessment@ncsu.edu](mailto:dasa-assessment@ncsu.edu).
