**August 29, 2024**

**Prepared by: Sara Dhoot  
DASA Assessment**

## Survey Overview

The First Term Survey was administered to all new first-year students at NC State University February 19 through March 22, 2024. This is the fifth year that the survey has been administered to new first-semester spring-entry students. The survey was distributed to 319 new spring-entry students and 83 unique respondents recorded survey observations, resulting in a 26% response rate.

Approximately 28.9% of survey respondents were male and 71.0% were female, compared to 50.7% and 49.2% in the total survey population, respectively. Differences in percentages between survey respondents and the survey population regarding race/ethnicity and college were generally <4%, with two having about 7% of difference. See the tables below for specifics. The survey is distributed via Qualtrics.

The First Term Survey is administered by the DASA Assessment office. Questions about the instruments or results may be directed to [dasa-assessment@ncsu.edu](mailto:dasa-assessment@ncsu.edu).
